

22 September 2020

ALERT LEVEL 1 RETURN

This week our first-year students will be returning for in-person classes for the first time since the lockdown was implemented six months ago. We look forward to having you back at campus.

Although restrictions have been eased for Alert Level 1, the coronavirus pandemic is not over. We therefore urge all students to remain cautious and continue to observe physical distancing and all safety protocols at all times. Be responsible when socialising with family and friends, as many people who have the virus do not show any symptoms and could unwittingly infect others. At campus, we are committed to provide a safe environment for our students and staff and all protocols are strictly followed. We depend on your cooperation to help keep us all safe.

Internships for final-year students

The pandemic has a severe impact on our final-year students' ability to complete their compulsory internship hours, which are a requirement for obtaining the BA degree. We have therefore reduced the required hours to **10 days/2 weeks/80** hours and have postponed the graduation ceremony to April 2021 in order to give our students sufficient time to complete their internships.

Registration for 2021

We would like to remind parents that we offer an **8% discount** on tuition fees if all fees for 2021 are paid in full before the **end of October**. Please refer to the website for more details. Students must also submit the [Re-registration form](#) with their course selection in order to be registered.

Open Day

We are hosting a Virtual Open Day on **3 October** for prospective students. If you know someone who might be interested, please spread the word. This is the link to the [Virtual Open Day Programme](#).
